ABOUT

An entry-level software developer skilled in Java (including Hibernate, Spring Boot and Design Patterns), React and Android development. Possesses a foundational understanding of PostgreSQL and basic e-commerce security concepts. Committed to contributing to team goals, continuously enhancing skills, and eager to apply my skills to impactful projects, drive innovation, and collaborate effectively towards achieving our goals.

EDUCATION

- B.Tech. in Information Technology | Dharmsinh Desai University, Nadiad
CPI: 9.08 | (Oct '21 – Jun '25)
- XII (GSEB) | Delta Science School, Upleta
95.4% | 2021

ACADEMI PROJECTS

- **ScholarSphere – MERN based Student Query Management System** Skilled in ScholarSphere, enhancing student-mentor communication at universities. Used features like faculty assignment and public queries for better knowledge sharing. Contributed to a supportive learning environment by resolving inquiries promptly.
- **Resume Builder – WebApp based on React and Spring Boot** Resume Builder is an easy-to-use application designed to help users create professional resumes quickly and efficiently. It offers a user-friendly interface with customizable templates and easy editing options.
- **Online Flight Booking System – DBMS based ticket booking portal** this project underscores my proficiency in designing the backend architecture essential for a seamless and efficient flight booking experience.
- **Shopello – Shopping Website**
Designed a website using HTML and CSS, offering a seamless shopping experience. Features include product viewing, a login page, and a cart page for a straightforward user journey.
